MEXICANS BLAME THE GRINGO SAYS C. G. HEISER, JR.

"All through Mexico one is struck with the general dislike for Americans or 'gringos,' as they are called. The Mexicans seem to feel that our administration has brought upon them most of their troubles. We are accused of taking in upsetting their chances of establishing a stable government by lifting the embargo on arms," said C. G. Heiser, Jr., in his address on "Experiences in Mexico," at the Y. M. C. A. last evening.

The dislike for the president of the United States is very keen. The Mexicans seem to feel that he, personally, has brought on all the trouble. They say that if he had early recognized Huerta he could have secured financial aid from Europe and succeeded in putting down the rebellion. While it is generally conceded that Huerta is responsible for the death of Madero, yet we are told that we should not judge Mexican political moral acts by the standards of our own country.

"It makes a good American's blood boil but it is not policy to express himself. All of the time one is in Mexico he has a decided feeling of unrest, a feeling that something may happen to you and you don't know just how soon or in what way it is coming," concluded Mr. Heiser. Mr. Heiser showed his audience a very fine set of pictures which he had taken during the time he was in Mexico.

MOTHER! IS CHILD'S STOMACH SOUR, SICK?

If tongue is coated or if cross, feverish, constipated, use "California Syrup of Figs."

Don't scold your fretful, peevish child. See if tongue is coated; this is a sure sign its little stomach, liver and bowels are clogged with sour waste.

When listless, pale, frowny, full of cold, breath bad, throat sore, doesn't eat, sleep or act naturally, has stomach-ache, indigestion, diarrhoea, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul waste, the sour bile and fermenting food passes out of the bowels, and you have a well and playful child again. Children love this harmless "fruit laxative," and mothers can rest easy after giving it, because it never fails to make their little "innies" clean and sweet.

Keep it handy, Mother! A little given today saves a sick child tomorrow, and get the genuine. Ask your druggist for a 50-cent bottle of California Syrup of Figs, which has directions for babies, children of all ages and for grown-ups plainly on the bottle. Remember, there are counterfeiters sold here, so surely look and see that yours is made by the "California Fig Syrup Company." Hand ask with contempt any other fig syrup—advertisement.

**GEORGE MUNDON MAY
BE TAX ASSESSOR**

George Mundon, the well known rancher of the big island, may possibly succeed the late W. George Kahealani as deputy tax assessor for the district of South Hilo, Hawaii.

When Kahealani died, W. O. Watson was appointed temporarily to the position. It was thought that Watson might get the permanent appointment, but it is believed that Governor Pinkham favors Mundon.

Treasurer Conkling said yesterday that Tax Assessor Forrest will be responsible for the man he appoints as deputy at South Hilo. In fact Forrest is responsible for all his deputies.

MEAT COMING DOWN.

An agreement among the members of the Hawaiian Graziers' Association is said to have been responsible for the recent cut in price of meat from 15 to 25 per cent. The cut is said to be for the purpose of meeting the competition of Australian beef, which for some time has been coming into the territory in increasing quantity. It is claimed that the local beef is of better quality than that shipped from South Hilo, but it is admitted that some excellent beef and mutton goes on through to the mainland.

After leaving Hawaii in 1900, Dr. Maxwell went to Australia, and he has been identified with the sugar industry of Australia, the Fiji Islands, and other places. He is a scientist of note, and some of his writings are considered authoritative.

**MOTHER'S SEAL-SICK
REMEDY**

Royal Baking Powder Cook Book sent free on request. Address Box 589, Honolulu, Hawaii.

DR. J. T. WAYSON RESIGNS CITY PHYSICIANSHIP

At the meeting of the Board of Health yesterday-afternoon the resignation of Dr. J. T. Wayson as city and county physician was received and accepted. The resignation takes effect on May 15. Dr. Wayson has been in charge of the Kailahi Receiving Station for some years, and is noted for the curative measures he has introduced to stay the ravages of leprosy.

Another resignation was turned in to the board, and it was that of Mr. F. Anderson who, for some time past, has been lecturing on tuberculosis all over the country. Mr. Anderson has been appointed assistant superintendent of the Leahi Home. No successor will be appointed at present on account of lack of funds.

Mr. Carter spoke on the necessity for economy in all branches of the government services. Governor Pinkham addressed a letter to the board asking its cooperation in keeping expenditures down to the minimum possible amount.

According to report, the vacancy created by the resignation of Dr. J. T. Wayson, from the Board of Health, will not be filled by the appointment of any other physician. The plan, evidently, is to put the Kailahi Receiving Station under federal control and to have Dr. McCoy in charge.

Dr. McCoy is at present on Molokai at the federal station on that island. He will, if the present plan is carried out, be in charge of both the Molokai station and the Kailahi Receiving Station. The doctor will continue to reside on Molokai and will pay regular visits to Honolulu.

Superintendent Jack McVeigh, of the leper settlement, has been in Honolulu for a few days. He leaves this afternoon for the settlement and will see to the transportation of a number of unfortunates who have been transferred from the Kailahi station to Molokai.

TO STUDY BEET SUGAR.

Dr. Walter Maxwell, formerly director of the experimental station of the Hawaiian Sugar Planters' Association, has, according to advices just received here, been detailed by the Department of Agriculture to make an investigation of the cost of beet sugar production in Europe. As a special agent for the department, Dr. Maxwell will also prepare a report on the conditions surrounding both beet and cane sugar growing in foreign countries.

WHAT WOULD ISAAC WALTON SAY TO THIS?

(By Latest Mail)

SAN FRANCISCO—Henry Schmidt was taken to San Quentin penitentiary because he had hard luck.

Of course the two thousand prisoners already there are all incarcerated because of hard luck, but Schmidt's hard luck came simply because he went fishing.

Schmidt, who lives at 426 Tenth avenue, San Francisco, went fishing from the cliff on the point near San Quentin, a favorite place for bass. He caught a big one, or any how, something exciting happened, for Schmidt tumbled over the cliff severely bruising and cutting himself. He was carried to the hospital in San Quentin so badly hurt that Dr. L. L. Stanley made him stay last night and his involuntary prison term may last some time.

Twenty Progressives who reside in the Walkiki district formed a club at one minute past twelve o'clock last night. The idea was to steal a march on ex-governor George R. Carter, who had issued a call for a meeting to form a club this evening.

KING QUILTS AS KINNEY ASSUMES NEW POSITION

One of the last official acts of Superintendent T. H. Gibson, of the education department, was to receive and place on file the written resignation of Supervising Principal Charles E. King, of the second division of Oahu.

The resignation, which is dated April 30, was handed to Mr. Gibson before he left the public instruction office for the last time. The new superintendent, H. W. Kinney, said this morning that the resignation is addressed to the school commissioners, and that that body will take up the matter at the next meeting which is scheduled for May 23.

The school commissioners are to meet in Honolulu on May 23 and at that time the teachers list will be gone over. While the new superintendent does not know of any immediate changes that may be made, there may be some transfers of teachers from different districts.

The office force at the department remains the same, and probably there will be no changes made. Inspector George Raymond is back from an inspection tour of the various schools of Hawaii and Maui, and he will be in town for a short time to come.

Superintendent Kinney took over his new duties without any ceremony at all, and is now busy getting ready for the commissioners meeting.

HONOLULU TAXI CO. EXPANDS AND ADDS NEW FEATURE

The Honolulu Taxi Co., pioneer company in its line, in this city, has established itself in new and larger quarters on Pauahi street near Fort street.

Notwithstanding the fact that since the advent of taxicabs in Honolulu, there have followed in this company's wake several similar concerns, Geo. Ikeda, manager of the company, reports that business is good and getting better.

Aside from the regular transportation business, this enterprising concern is now prepared to respond to calls for assistance, of any nature, from motorists who may be in temporary difficulties on the road, or elsewhere. A day and night service in this regard will be maintained.

This should prove a boon to automobile owners of Honolulu. Mr. Ikeda opines that in giving the people full value and making reasonable charges for tires, tubes and repairs, his business should continue to develop and gain the confidence of the public at large. As a demonstration of his good faith, he is now selling gasoline at 20c per gallon and lubricating oil at 20c per quart, while the regular price is 25c in both cases.

Pale Girls and Frail Women

suffer discomfort—are languid, fretful and nervous, because their blood is thin or insufficient, but if those so afflicted could fully realize the wonderful blood-making properties of SCOTT'S EMULSION they would not deprive themselves of its benefits.

Nourishment alone—not drugs or alcohol—makes blood—and Scott's Emulsion is the essence of medical nourishment free from wines, alcohols or opiates.

SCOTT'S EMULSION after meals—fills hollow cheeks, overcomes many languid and makes strong the base nerves.
